November 2017

Greetings from Ireland. This year our Autumn camp commenced on 1 November and finished on 5 November. We returned once again to Kippure Estate, which is about 45 minutes from Dublin airport. It is an idyllic setting encompassed by woodlands, mountains and the river Liffey running through it. As we have been going there many years, the staff know us well and really look after us. Despite it being in November this year, we were blessed with some lovely autumnal weather! (You see it doesn't always rain here!)

We hired seven of the lovely holiday homes to accommodate about 48 saints from Ireland, England, Holland and Australia.

Our camp theme was *Isaiah 61.1* "...To proclaim liberty to the captives." Throughout the week we heard really uplifting and inspiring talks, heart felt testimonies, songs and witnessed some funny skits too. All testimonies, talks and items are available on www.revivalmeeting.org.

In between the meetings we had time for lots of fellowship; relaxing; exploring the woodlands and drives to the local village. During the camp, Margaret received the Holy Spirit at the prayer line. It was quite audible too which is quite a miracle because for a long time she has suffered with problems with her throat. Praise The Lord.

We also had another lovely moment after camp had finished. There were just 4 of the Irish Saints left, which included our sister Cecilia, who was waiting for her husband Johnson to collect her. When Johnson arrived we invited him in for a chat, which led to talking about the Lord and, then led to praying with him to receive the Holy Spirit. Praise The Lord he received it quite quickly and was so surprised. What a great way to end an incredible camp! We appreciate everybody who travelled from near and afar. Everybody who came really participated in every aspect and it made for a happy camp indeed. We look forward to our next Autumn camp, which we are happy to announce will be back to October! (Wed 24th October until Sun, 26th October 2018).

Editorial: Preparing for war

There is a pattern in the disruption of the western societies and influencing the public opinion in the western nations. There is nothing new here. The Old Roman empire was built on the principle of "divide and conquer". As we know, history keeps on repeating itself and we should be able to recognize today's trends. We see the success booked in dividing America, dividing the EU, dividing the middle east countries and dividing people within countries. The tools to do this are better than ever. Everybody is mere seconds away from being influenced by, so called, social media. Just yesterday there was some news here in Holland about how some well known news agencies copied and repeated fake news originating from Russia. Russia is preparing for war. The people there are being prepared for this, see the following pictures:

safely, all of them dwelling without walls, and having neither bars nor gates,
So, there it is, are **WE** ready spiritually?
It is getting closer every day.

Here in Holland the civil defense stockpile of iodine tablets has now been distributed to the general population to make a shorter reaction time possible in case of a nuclear disaster.

Ps Piet Visser

So, the present world situation has been predicted by the prophets, inspired by God Himself.

The prophet Ezekiel wrote:

Eze 38:1 And the word of the LORD came unto me, saying,

2 Son of man, set thy face against Gog, the land of Magog, the chief prince of Meshech and Tubal, and prophesy against him,

3 And say, Thus saith the Lord GOD; Behold, I am against thee, O Gog, the chief prince of Meshech and Tubal:

5 Persia, Ethiopia, and Libya with them; all of them with shield and helmet:

6 Gomer, and all his bands; the house of Togarmah of the north quarters, and all his bands: and many people with thee.

7 Be thou prepared, and prepare for thyself, thou, and all thy company that are assembled unto thee, and be thou a guard unto them.

10 Thus saith the Lord GOD; It shall also come to pass, that at the same time shall things come into thy mind, and thou shalt think an evil thought:

11 And thou shalt say, I will go up to the land of unwalled villages; I will go to them that are at rest, that dwell

Heard from the Platform

- We are all an instrument in a large orchestra and together we play a symphony
- We don't need to walk our walk alone
- Liberty is a mind-set and perfect liberty is when we no longer have anything to lose in the world
- When we get out of the light, our eyes get used to the darkness, and then it feels less dangerous; and that is dangerous for our walks
- If we afford ourselves too much freedom, where is the responsibility?
- The darker the world becomes, the brighter we shine
- Do we fill our lives with what God wants?
- We shouldn't just do things for God to receive back from Him.
- Life goes well when we allow God room in our lives.
- Are we selective in what we hear?
- We must be a thanksgiving people
- We exist to please God, not ourselves
- Don't cover up our mistakes, be humble

A sister shared how she was anxious about attending a meeting at work. She prayed about it and everything changed in her favour. Another sister shared how she was too sick to go to a house meeting. After praying and leaving it to the Lord, the healing was there. At that same house meeting another sister was healed. Others had to make a stand that day to family and bosses in order to be able to attend the meeting. Praise the Lord, they were all there and had a fabulous time together, feasting on the word of God. We learnt to listen, repent and forgive and how to pray for others with a pure heart. We heard how we sometimes go through fire, only to come out purified.

Medway, UK

Greetings from the saints in Medway. This month we have had one baptism. Our new sister Sheila also received the Holy Spirit. Many of us attended the Irish Camp and returned refreshed and rejoicing. This month we got together to look into the book of Proverbs. We read and discussed peoples personal favourites for varying reasons like comfort, direction, correction and the love of the wisdom in them. It was an uplifting and encouraging evening. We joined the Irish saints for a prayer and fast where we heard four inspiring talks. Here is a good point from each talk to think and pray about: Whatever the situation, stay in the light, not in our own imagination. How we treat each other is important as it's the way we treat the Lord. Do we really trust in the presence of God in our lives? Focussing on our problems is as much of a distraction as the things in the world.

Pr Steve gave a presentation on "Is the Catholic Mary the same Mary of the bible?"

It was fascinating to hear the origins of Mary worship and her titles, the similarities to pagan goddesses and how the worship of her puts her higher than God. There is just too much evidence in the bible which proves they are not the same. The simple truth of the biblical Mary is that she was a humble woman who looked to her Son for her own salvation. It was a really informative presentation.

We welcomed the Cashfords home with their stories from Liberia. Dan gave a presentation on the growth of the church since he last visited. It was great to see the pictures of our brethren and hear the exciting news from the rally.

Poole, UK

Greetings to all our brethren from the fellowship in Poole. The month of November started well with Mike being born again and we're pleased to report that he has been attending meetings and is thrilled to have the Lord in his life. He also brought a colleague (Leon) along to the meeting and he also expressed a wish to be baptised. He was baptised and received the Holy Spirit at our prayer and fast just before we broke the fast. The prayer and fast theme was "What should we really be praying for?" We heard that we should be praying for the things of the spirit and not the things of the flesh.

We also had our usual assembly outreach in Poole High Street, followed by a presentation about the recapture of Jerusalem and the return of Jesus. As a result of the outreach, we had a visitor called Wenda to the Sunday meeting who was born again. She was visiting

Bournemouth for the weekend and has now returned home to Berkshire. A regular contact has been arranged to encourage her and we will visit her early next year.

We all enjoyed a dinner/movie night during the last weekend and much popcorn and sweets were eaten by all - we enjoyed great fellowship too. It has been a great month with three people born again and we praise and thank the Lord for the growth in our corner of the vineyard. That's all from Poole for this month!

North London, UK

In November, we had two baptisms. One of these was a result of the outreach for our hugely enjoyable Mexican 'Fiesta' dinner night, organised by the young people. The other person was a cousin of one of our sisters, who has been going to church for years, but jumped at the chance to be baptised. She and her sister were really impressed with the spiritual gifts. It is good to remember and cherish how unique we are as a worldwide fellowship in this (amongst other) respects. The simple act of following the Bible pattern is special to us and amazing to many of our visitors.

We have had visitors at just about every meeting this month. We continue to outreach and, of course, share our personal testimony wherever we go. We have all been watching world events and also working towards our end of year activity which is an outreach, prophecy display and 'performance' of the 'As Birds Flying' prophecy regarding Jerusalem. Just like saints all around the world we are using 9th December 2017 as a date to celebrate the wonderful fulfilment of several prophecies pointing towards the city's deliverance exactly 100 years ago. We'll let you know what happens.

This month the annual Liberian rally took place in Johnsonville, which is situated just outside the capital of Monrovia. This was attended by several visitors from overseas: Pr Sammy from Kenya, Sylvester from Ghana, Pr Bob and Dan & Alex from the UK and Jan Pieter and Karen from Holland. It was great to see all the brothers and sisters mixing with one another.

We had meetings, teaching sessions, lots of fellowship, meals together and even a sports day. The sports day consisted of volleyball, a game of "kickball" for the sisters, in which Alex partook, and a game of football for the brothers.

During the rally a number of people got baptised. A great testimony was the baptism of five men that travelled from Sierra Leone. They all have a Pentecostal background, and some were pastors, but they all agreed things hadn't been right in their lives and saw the need to be baptised properly. Their visit showed real determination as their trip took them more than 30 hours and during the way their car got stuck in the mud which they had to dig out with their hands. On top of that they didn't have the correct paperwork to cross into Liberia, but through God's intervention they could.

Everyone that was at the rally enjoyed it and it was great to see that the gospel is spreading to different corners of West Africa.

garden, nothing will grow. This is the same as our walk with the Lord; if we don't put effort into our relationship with Him it won't flourish, but when we do, amazing things will happen! We also had a prayer and fast and heard great things about how God

West London Fellowship

Liverpool, UK

Greetings from Liverpool. We continue to plough

the fields here which is resulting in observers attending our events, but still await the full fruit of conversions. In the meantime, we continue on in the way we have been taught.

Here are a few thoughts that we enjoyed from our combined P&F with Yorkshire.

1 Corinthians 9:19-23. Let's ask ourselves what is it going to take for our church to grow? The Word of God never changes, but we need to be adaptable, flexible and willing to go out of our way to help save others.

Philippians 4:6-7. There needs to be a transition between anxiety and peace. If not, we can get stuck, but we need to overcome. So don't get focused on the problem, but in doing God's work as this is when faith comes alive!

Acts 1:8. It is wise to give God what is right. New ground must be gained for Christ, as our testimony shows that God is true and that He is good. So hold nothing back and whatever benefits others, do it.

Psalms 54:6. Freely here means spontaneously. This is something

performed by inclination and impulse, not because of external stimulus or by force or pressure. P&F is not a bartering chip, but like everything else, is only as good as the heart we do it with.

Switzerland

We started our month hearing a talk about "Growing a garden". We can compare our walk with the Lord to growing a garden. To be able to grow a garden we need to water the seeds and take good care of them. If we neglect the

We are very blessed to have the hope and security that God has a plan for all of us!

On a Wednesday night we had a man coming into our hall as he had received a pamphlet the day before. Sadly he didn't stay long but he did read or hear something that made him curious and he seems to have lots of questions, so hopefully he'll be back soon!

West London, UK

Greetings from West London. This month has been quite busy with fellowship activities and we had some new ones coming to the meetings. A new brother from Barbados skyped into one of our meetings. It was quite exciting for all and we were able to introduce ourselves at the end of the meeting. We pray for more to come.

We started off the month with a questions and answers evening. We were set into groups and had to find scriptures

relating to four different topics. It was a very good evening where we all had the opportunity to participate, share scriptures and consolidate our knowledge of the Bible and sharpen our sword when faced with challenging questions in the world we live in today.

We also had a prayer and fast on fulfilling our ministry. We heard good talks and had a good prayer session before breaking up our fast together.

We have also been using our bank of testimonies and presentations. We have been able to hear quite a few testimonies from our brothers and sisters in Australia and to watch presentations on perplexity in the world today, music and its influence on us and healings.

Until next month.

France

Bonjour brothers and sisters! Wow, so much has

happened since the last report. We have had wonderful fellowship with visiting saints over the last couple of months: Anthony and Hayley from Perth, Jacob & Joséphine from

Holland, Cécile from London and Ian from Singapore. Thanks everyone for coming, and for those who haven't visited yet, you are always welcome! We were

During the weekend of November 11 -12, we held a European pastors and leaders meeting in Almere. All the pastors and leaders from across Europe attended except Alain from France, though he participated via a Skype link and Pastor Bob who was at the Liberian Rally.

On Friday evening we held dinner which was served up by the young ones from Almere. Thanks for that guys.

During the meeting we discussed things like: future camps and rallies, some applications for return to fellowship, the outreaches in Barbados, Africa, Suriname, the Caribbean islands and Antwerp.

We also covered how to be better leaders, unity in approach, the individualism trap and the dangers of just accepting things as being the same as we see things, when they are clearly not.

Any pastors or leaders who are interested in some specific discussion docs can mail me for a copy.

All in all, another great weekend where the visiting pastors and leaders ministered to the three Dutch assemblies on the Sunday following the meeting.

Thanks to all for making the effort to come over and work on the unity of the European work.

The Revival Fellowship in:

blessed to have brother Ian with us for three weekends - he was working in Toulouse and made the (very long!) journey up each week to fellowship for a few days.

During that time, our new brother Ludovic was baptised. Ludovic was coming to meetings a few years ago, but left to go to Pentecostal churches. He got back in contact with Alain a month or so ago, after he had been praying for the Lord to show him the right church to go to. Although he was already Spirit filled, he hadn't been baptised in a place that taught the clear Gospel. So at the first Sunday meeting he came to this month, he got baptised, and it has been a fresh start! We have all noticed a great change in Ludovic compared to before his baptism. He is really rejoicing in what he's got and can't stop witnessing to everybody!

We also had a prayer and fast for revival, and a workshop on 'basics of Christianity'. Although nobody actually came to the workshop event, the following day a couple - Jean-Pierre and Evelyne - who had received one of the invitation cards, came to the meeting. Evelyne had also been praying for the Lord to show her the right church to go to! They both had prayer for the Holy Spirit, and Evelyne has now received, speaking in tongues. Along with other people who have been coming along to check out meetings, and witnessing opportunities, it is an exciting and busy time for us, doing the Lord's work.

Czech Republic

This month, Pastor Olda and Eva had a great time visiting other Fellowships and came back very inspired! They went to Holland for the pastor's meeting and to Liverpool, and had many testimonies to share afterwards.

The month started with a World Revival Fellowship Report - a presentation about the exciting revival, hall

openings, events, and testimonies in various Fellowships worldwide. This included a special focus on the Papua New Guinea rally in September, where we even saw a video of a man who had been healed after being blind for 40 years!

We had another great Prayer and Fast, and heard these thoughts from the talks: Are we ready to let go of ourselves, and let Christ increase in us? Never bury the Lord's talents - it's better to bury our own talents! Our natural talents can't get us into the kingdom of God. How long will we mourn for who has rejected the Lord?

Lastly, we had a fun evening at the bowling together - a mix of ages, races and abilities, happy together.

Ireland

November has been a busy month. After camp we were blessed to have some visiting saints: Gary and Debbie Hansen from North London

came one weekend and also Ben Dilks from North London came another weekend. We really appreciate the fellowship and general support.

At the end of the month, we had a prayer & fast with Medway, which we all enjoyed, as always. Till next month, take care.

Hungary

Greetings from Hungary where we had two baptisms and two people receive the Holy Ghost.

One brother had a problem with his back after falling at school and could not lay down, turn around or stand without pain. He prayed about it and two days later was completely healed.

A sister would like to thank the Lord for answering her own questions on more than one occasion when preparing for Sunday school. It showed her how much the Lord is personally looking after her.

One sister was instantly healed from a cold after she decided to trust the Lord over medicine and another sister healed from headaches twice in a

few days by prayer. The month started with a children's theatre production where groups of kids took

part in an interactive morning answering questions from the bible in a game form where the saints were up against the baddies. The saints won the competition, but more

importantly the word was sent out to lots of parents that were there to watch their children take part.

A video presentation of international healings followed where we were shown the miracles that were happening around the world.

We had a very well attended outreach near one of the shopping centres and many people heard the gospel.

We tried a new event of bible study where groups were put together to answer questions from the bible with guests invited to join. These small groups then reported back to the whole group and it was really great to see the youngsters coming forward to share the answers. A lot of fun and lots learned by all. We held a celebration to celebrate the 25th wedding anniversary of Pr Chris and Monika and many guests were treated the word of God and a look back at the happy couples 25 years together with the Lord. Sziszy made the trip from Holland to join us as well. The guests could see the unity of the saints and even admitted to how they could see the path the Lord had shown us was better than the one they had chosen to follow.

The month was finished with a focus night on who is the true Christian which was really interesting to all those that attended. We look forward to another great month next month.

Testimony

I first spoke in tongues when I was 15. Even though I knew nothing about the gospel, I knew it was something special. Years later I asked God what it was and started asking questions to people with various religious backgrounds. I visited different churches but they only made me feel restless or I would start to panic. I wanted a reason for living and the answers to my questions. I got my answers after prayer via a sister who spoke to me about the hope she had in her life. She told me that I could have this as well by being born again. I didn't understand much of what she was telling me but I went to a meeting, where we prayed for the Holy Spirit and I recognised speaking in tongues. It was strange to see the sisters who were praying for me be happy about something which I thought was evidence that I was crazy. I was then baptised as I could see it was necessary. Now I pray in the Spirit and see things change through God. I started changing and got healed from borderline personality disorder, depression, dependency on medication and headaches. I have found inner peace which I never had before.

It has been great to tell others about God and see His power work in their lives. I recently lost my keys which was a bit worrying. I prayed about it and they turned up where I know I hadn't left them. I am happy with the life I now have and am proud of what God does in our lives. I now have a good future which is something I didn't have before. Not only do I have a good future now, but a future with the Lord when Christ returns.
